

IEPrep · Lesson Plan Review

Independent evaluation. Be critical — the goal is to find what's wrong, not to be encouraging.

Reviewer: _____ Date: _____

Subject: _____ Grade: _____ Standard (SOL): _____

Student / profile this was generated for: _____

Part A — Score each (1 = no / poor, 5 = yes / excellent)

	1	2	3	4	5
1 Standard accuracy Correctly reflects the SOL; no factual or content errors	☐	☐	☐	☐	☐
2 Right level Pitched to THIS child's actual level, not a generic version of the disability	☐	☐	☐	☐	☐
3 Accommodations applied Built INTO the activities, not just listed and ignored	☐	☐	☐	☐	☐
4 Differentiation is real Genuinely different for different needs, not surface relabeling	☐	☐	☐	☐	☐
5 Pacing & length Realistic for the class length and the child's attention / stamina	☐	☐	☐	☐	☐
6 Sensory / behavioral Accounts for sensory needs, regulation, transitions, behavior supports	☐	☐	☐	☐	☐
7 Engagement Activities a child like this would actually respond to	☐	☐	☐	☐	☐
8 Safety & dignity Nothing inappropriate, unsafe, or that talks down to the child	☐	☐	☐	☐	☐
9 IEP-goal alignment Supports the kinds of goals these students carry	☐	☐	☐	☐	☐
10 Usable by a sub A substitute could follow it without things going wrong	☐	☐	☐	☐	☐

Total: _____ / 50

Part B — The two questions that matter most

1. Would you put this in front of your students — as written, with no changes?

- ☐ Yes, as is ☐ Yes, with minor tweaks ☐ Only after significant rewriting
☐ No

2. How much of your normal planning time did this actually save?

- ☐ Almost all ☐ Most ☐ Some ☐ Little ☐ Made more work

Part C — Where it fell short (most valuable section — be specific)

Point to exact lines / activities that were wrong, generic, unsafe, or missed the child. This list becomes our fix list.

What it got genuinely right (worth keeping):

The one thing that would most improve it:
